

Region 3 GPRA Baseline RCRA Corrective Action Facility

Safety Kleen Corp.

**Industrial Park Road
Athens, PA 18810
Congressional District 10
EPA ID #: PAD987266673
Final Update**

Current Progress at the Site

This facility is one of EPA Region III's high priority RCRA corrective action sites and EPA has determined that both the Human Exposure and Groundwater Environmental Indicators have been met.

On January 27, 1998, EPA determined that both the Human Exposures and Groundwater Environmental Indicators have been met. On August 31, 1998 EPA determined that no further corrective action is necessary at the Safety Kleen Corp. facility at this time.

Site Description

The Safety Kleen Corp. facility is located on Industrial Park Road in Athens, Bradford County, Pa. The facility opened in 1988 and obtained a RCRA permit for container and tank storage of hazardous waste generated off-site on April 1, 1994. The majority of wastes are mineral spirits and solvents. These wastes are ultimately shipped off-site for reclamation or disposal. Spills that have occurred have been collected by the secondary containment and cleaned up without any release to the environment.

Site Responsibility

RCRA Corrective Action activities at this facility are being conducted under the direction of EPA Region III with assistance from the State.
